Introduction of Lakeshore Dental Brokers with Dr. Robert Uhland and Joseph Uhland

It is my pleasure to introduce **Dr. Robert Uhland**, *founder* of Lakeshore Dental Brokers, who possesses over 35 years of experience in dentistry and more than fifteen years in dental practice transitions. Lakeshore Dental Brokers has helped over 275 dentists transition their practice!

Dr. Robert Uhland is a distinguished Chicago-based broker whose career reflects a rare blend of professional expertise, clinical experience, and unwavering commitment to client success. Dr. Uhland has built a reputation for excellence through his personal understanding of the position of the entrepreneurial dentist as well as his deep industry knowledge of the US market. His strategic approach to complex transactions and his ability to guide dentists with clarity and confidence ensure that his clients are sure-footed every step of the way!

A practice owner and licensed practice broker, Dr. Uhland brings a thoughtful, analytical perspective to every challenge. His work is defined by integrity, precision, and a genuine dedication to elevating the standards of the brokerage profession. He brings an unparalleled perspective to every transaction—one that combines deep clinical insight with extensive dental mergers and acquisitions expertise.

A Kansas native and proud Jayhawk, Dr. Uhland earned his Bachelor of Science from the University of Kansas and his dental degree from the University of Texas School of Dentistry, where he also completed a Mayo Clinic orthodontic research internship. He went on to receive his certificate in orthodontics from Loyola University School of Dentistry.

After decades building and leading a successful private orthodontic practice, Dr. Uhland transitioned his entrepreneurial focus to helping dentists navigate practice sales, mergers, and acquisitions. Known for his integrity, transparency, and deep understanding of both the clinical and business sides of dentistry, he has become one of the most experienced and trusted brokers in the field.

As *General Manager,* **Joseph Uhland** helps lead operations and growth for Lakeshore Dental Brokers.

Before joining he worked in early-stage tech startups, helping a national fintech company grow from $50 million to over $1 billion in originations.

Having worked across marketing, sales, finance, and operations, Joseph brings a practical, hands-on approach to business development, new market expansion, and guiding dentists through successful transitions.

We are delighted to welcome Dr. Uhland and Jopeph to the association and look forward to the insight, collaboration, and leadership he will undoubtedly contribute.
